

# Adaptations to adhere to social distancing on the field of play

- Batting lines must be measured out and prior to the game starting.
- Batting lines are advised to be at least 1m in distance from each side of the bowling crease.
- All fielders must remain at a minimum of 1m away from the next person.
- The umpire and bowler are responsible for moving out of the way of the running batsperson to ensure they are 1m away.
- The umpire is able to stand slightly behind the wicket to allow them to remain at a minimum of 1m away from the next person.
- If the bowler requires a run up from next to the wicket. The non-striking batsperson and umpire must move so they are at least 1m away.
- All fielders should adjust their fielding positions to accommodate the minimum 1m rule.
- During a run-out the bowler/WK should position themselves on the opposite side of the wicket to the running batsperson.

Groups are limited to 30 people or less. This includes scorers, players and officials.

Stoolball can only be played outside.

Equipment sharing should be limited. If equipment is shared it must be cleaned prior to use by another person. No bodily fluids to be applied to communal equipment.

All consumption of food and drinks must be the participants own. Clubs cannot offer food and drink.

All participants and spectators must practice social distancing on and off the field of play. In-fielders, umpires, the WK and bowler must remain 1m+ away at all times during game play.

Scorers must adhere to social distancing measures. Communal scorebooks are not to be used.

A Covid-19 club representative must be appointed. They are to be 'on-site' during all practices and matches.

Running lines, WK lines & other relevant areas should be marked out by the club rep. prior to the game.
